

ARIZONA STATE SENATE
Fifty-Second Legislature, Second Regular Session

FACT SHEET FOR H.B. 2159

ASRS; rulemaking exemption

Purpose

Specifies that the Arizona State Retirement System (ASRS) and the ASRS Board are not subject to Arizona Revised Statutes (ARS) administrative procedures for actuarial assumptions and calculations, investment strategy and decisions and accounting methodology.

Background

Current statute states that the ASRS Board is responsible for the performance of fiduciary duties and other responsibilities required to preserve and protect the retirement trust fund (A.R.S. § 38-714). The ASRS Board shall submit to the governor and Legislature for each fiscal year no later than eight months after the close of the fiscal year a report of its operations and the operations of ASRS. The report shall follow generally accepted accounting principles and generally accepted financial reporting standards and shall include a report on an actuarial valuation of ASRS assets and liabilities.

Statute also required the ASRS Board to contract for a study of the mortality, disability, service and other experiences of the members and employers participating in ASRS. The study shall be conducted at least every fifth fiscal year. A report of the study shall be completed within eight months after the close of the applicable fiscal year and shall be submitted to the Governor and the Legislature.

There is no anticipated fiscal impact to the state General Fund associated with this legislation.

2. Includes a purpose statement that ASRS actuarial and investment decisions are fiduciary decisions that are not subject to rulemaking.
